I gotcha, you are cleaning up the online version and won't delete any new comments. If you can send a copy of the messy version it would be good for me to send to our front office along with the cleaner version for their review (mainly so they know what we are dealing with here). Thanks for all you work on this version control/merging etc. much appreciated.

Subject: Re: Batch review

No. I think to avoid confusion just keep working in the current version that everyone has access to. (You will notice that It will just get cleaner over the next couple of hours.)

I'm just going to download a copy of it in the next minute or two. I can email you the copy so you have it for your records.

Also I will try not to delete any very recent comment bubbles in the current version as I'm cleaning.
Hope this is not too confusing! Call me anytime if it is.

I think we should assume so. I am going to download a copy of the full current messy version to have for reference, and then start cleaning up the doc on sharepoint. I will err on the side of keeping any comment bubbles where i am unsure if it is completely resolved or not.
Sound ok?

I am free for a call most of the day except 10:00-11:30 if we want to touch base.

Have we confirmed that if they had a comment in the first two passbacks that we responded to, and these new batches contain no further comment on the issue, then they are ok with our resolution of their initial comments?

Subject: Re: Batch review

Hi Kelley- Sure, I can talk 10-11 this morning. I have incorporated all omb edits and comments from batch 1, 2, and 3 (which only came in last night) into the SharePoint working version.

I was going to chat with Leif this morning to see if it was ok for me to go ahead and start cleaning up the document (accepting all the old line edits and deleting old comment bubbles that seem resolved) just so we can better see what is left to be done. (I will save the full marked up messy version first so we can go back to it for notes if needed). If you are ok with this I can start doing it before we talk as well.

Not sure if Leif is online yet so I can forward you the batch 2 and 3 emails from omb now.

Elizabeth

Elizabeth-

It hit me over the weekend that we may not have talked after one OMB check in call where Brittany and I resolved an ask [Ex. 5 Deliberative Process (DP)] If this is in any way sounding new to you, lets set up a quick call today to chat about it. Anyone who wants to join is welcome, but it should be a pretty quick chat. The lift we agreed to was very short and simple, and avoids a high elevation. If this sounds completely familiar and you already had heard, then feel free to ignore! I just wanted to be sure we hadn't forgotten to close the loop on that one-

Hi Leif,

Thanks for setting up the discussion this morning at 10:30. Below are a few items maybe we can add to the discussion.

Ex. 5 Deliberative Process (DP)

I have more observations but am running out of time before our conversation...

Also, it might help us to get your view of a process going forward. We have an interest in how many of the items get discussed and resolved going forward.

Thanks,
Robin

Hi Leif and Dan,

Attached are NCEE's suggested responses to the OMB and interagency written comments received so far. There are about 3 places where we offer to develop some more text to address the comment. I will send those along as soon as I can too, but that may not happen till later tomorrow or Monday.

Happy to talk through any of these if helpful tomorrow. My day is looking pretty clear of meetings except for the 2 E.O. 12866 calls in the afternoon.

Thanks,
Elizabeth

Thanks, Robin. This is really helpful. A few initial reactions from me are embedded below, but we are looking forward to discussing further on our call tomorrow. I will also try to send NCEE draft recommended responses to you all before our call – even though it will likely still be incomplete – to help guide our discussion.

Best,
Elizabeth

Leif and Elizabeth,

Thank you thank you for all of the work you have been doing on the proposal. Elizabeth – a particular thank you to you for all of your efforts!!

We reviewed the latest version of OMB comments and drafted a list of items below that seemed noteworthy. We look forward to tomorrow's conversation.

Ex. 5 Deliberative Process (DP)

I gotcha, you are cleaning up the online version and won't delete any new comments. If you can send a copy of the messy version it would be good for me to send to our front office along with the cleaner version for their review (mainly so they know what we are dealing with here). Thanks for all you work on this version control/merging etc. much appreciated.

No. I think to avoid confusion just keep working in the current version that everyone has access to. (You will notice that It will just get cleaner over the next couple of hours.)

I'm just going to download a copy of it in the next minute or two. I can email you the copy so you have it for your records.

Also I will try not to delete any very recent comment bubbles in the current version as I'm cleaning.
Hope this is not too confusing! Call me anytime if it is.

I think we should assume so. I am going to download a copy of the full current messy version to have for reference, and then start cleaning up the doc on sharepoint. I will err on the side of keeping any comment bubbles where i am unsure if it is completely resolved or not.
Sound ok?

Subject: scheduling OMB call?

Hi Leif,

Have you talked to Elke yet about scheduling a meeting for early next week?
As I mentioned earlier, I can be available any time. I checked other NCEE Folks availability and I think most can move other meetings around as needed as well. The few slots that AI asked to avoid if possible are: Mon 1-2pm, Tues 10:15-11:45am and 2-3pm.

Thanks and hope you have a nice weekend.

Best,
Elizabeth

Hi Brittany and Kelley,

Thank you both for the feedback. Attached is the current version of our draft responses to the OMB comments. A few things to note:

Ex. 5 Deliberative Process (DP)

I hope this helps for now. We are happy to discuss the risk assessment section and any of the other items on a team call whenever you are free.

Thanks,
Elizabeth

Subject: B-C NPRM - draft start on responses to OMB/Interagency comments
Attachments: EO 12866 BCA 2060-AU51 NPRM-2020_04_03 OMB1Interagency_4.29.20.docx; Notes on call with DOJ_4.29.20.docx

Hi Leif and Dan,

In case it is helpful, attached are NCEE's DRAFT suggested responses to the OMB and interagency comments to date. Note these are still incomplete and there are still several that NCEE folks have to discuss internally (at 11am tomorrow), so I will be sending you an updated version later tomorrow. (So please don't circulate this version within OAR or OGC yet.) I just figured it might be helpful for you to see some of our thoughts so far. (When I compiled the comments into one document I inserted an "OMB:" or "Interagency:" at the start of each so you can tell which came from OMB vs. Interagency, and our thoughts start with "NCEE:".)

Also, attached are my notes from today's call with OGC. Dan's may be much more complete but this is all I was able to write down.

Talk to you tomorrow at 9:30am!

Best,
Elizabeth

Subject: RE: B-C NPRM: Draft replacement paragraph on risk assessment related request for comments

Thank you Leif. I've reviewed the comments bubbles and have no concerns there. On the new text, at first blush it looks like it's significantly cut back, so I'll need some time to go through the different versions and compare. But if you could work on the other version I had sent and incorporating the changes, I will get through this as quickly as I can.

Hi Leif- just wanted to give you a heads up that NCEE management had a few minor edits/questions. Trying to get it to you as soon as I can. Have you heard anything from OAQPS or OGC staff on the new paragraph? Al also wants me to send the final version to OP front office but I am trying to hold off until we have a final version so that we are all sending the same one up our respective chains. Sound ok?

Thanks,
Elizabeth

On Apr 1, 2020, at 6:44 PM, Hockstad, Leif <Hockstad.Leif@epa.gov> wrote:

OK, thanks.

On Apr 1, 2020, at 6:09 PM, Kopits, Elizabeth <Kopits.Elizabeth@epa.gov> wrote:

Ooops , sorry our emails crossed. My recommendation is that the clean version be truly clean and only contain the new texts, with no tracked changes or comment bubbles. Also please see my previous email and make the earlier edits on the paragraph that preceeds that one.

Best,
Elizabeth

Thank you for that text. I added it to what is now "version 8" of the track changes document and the clean version 8 with the NCEE text included in the only comment bubble included.

I will forward these version 8s to Kelley in a moment.

Thanks,
Leif

All – Here is the latest track changes version (version 7) and a cleaned up version 7 (only retained comment is from OAR staying that NCEE is drafting alternate comment solicitation section).

I am going to double-check on some last things but I am planning to send this to Kelley this evening. Dan, if you could also provide the clean copy to Lea, Gautam, etc. that would be a great help.

It would be fantastic if everything looks good enough that tomorrow I can send to Mary in OP for its final review and transmittal to OMB (¿by end of the week?). Appreciate everyone hanging in there for this.

Thanks,
Leif

Thanks, Leif. I made a few revisions to the main file but was also using it to cross-reference some language as I thought through further RA section revisions. But I'm out of it now and don't have any other changes pending.

Glad to hear that Kelley has the RA redraft and am looking forward to her input on that.

- C

I wanted to check to see how everyone's review has been going. I see that Chris is in Elizabeth's OneDrive file but don't know if others are taking their reviews and comments off-line.

I was hoping to have something relatively clean for the non-RA portions of the proposal to send to Kelley today. Kelley has already gotten the "risk assessment" redraft by OP and OAQPS with OAQPS concerns highlighted on the scope of this newly proposed OIRA section.

If the larger portion of the proposal can be sent for her review I think that helps put us in a good spot going in to a very busy next week. Ideally it would be great to send that over to Kelley while Elizabeth is out so that she doesn't have to work on it this evening.

Just let me know what everyone thinks and where you think the revised and responded proposal stands.

Thanks,
Leif

I see you all are in the RA document on OneDrive. How are your reviews and edits coming along? I would like to reach a good point to close the document so that I can download it and copy it in to the bigger proposal going back to OMB. I need to get it over to OMB this evening so that they can finish their review as quickly as possible.

Please let me know when you are comfortably out of the document so I can download it.

Thanks,
Leif

Hi Leif and Dan,

Attached are NCEE's suggested responses to the OMB and interagency written comments received so far. There are about 3 places where we offer to develop some more text to address the comment. I will send those along as soon as I can too, but that may not happen till later tomorrow or Monday.

Happy to talk through any of these if helpful tomorrow. My day is looking pretty clear of meetings except for the 2 E.O. 12866 calls in the afternoon.

Thanks,
Elizabeth

Subject: BCA document update

Kelley –

Attached is the revised proposal incorporating the team's recent edits and comment responses, including to last night's batch 3 comments. It still includes the messy OMB edits around the "Use of Risk Assessment Information/Choosing Health Endpoints and Quantification" section, but you have a separate document now just focused on OP/OAQPS's proposed revisions for your easier review.

But this document will allow you to review the other updates the team has been working on to get the rest of the proposal in shape for sending back to OMB. There is still work to be done but it is getting closer.

Thanks,
Leif

Subject: RE: passback?

Dan – Yes, I was about to send a note asking the same question. I’m a little bit of a loss because there is pressure to send something back to Elke today but I feel like there are still a number of “in-process” items.

Ex. 5 Deliberative Process (DP)

And for you Dan how are your clean-up exercises going? I know you need more time after today’s DOJ call but wondered if you felt that you had enough cleared to get something added today.

Thanks,
Leif

Subject: passback?

I’m trying to determine what level of review my comments need to go through before they can be sent back. Was the plan to incorporate all these into one document sent today? I know we will need to send more at some point in response to some of DOJ’s comments today as well but have been operating under the assumption that Leif needs to send something today?

Kelley – In Britany's response yesterday she indicated it might be worth an internal EPA conversation before we engage with OMB on their risk assessment comments.

Is this something that Sarah can help organize since we'll need to pull in the right people from OP (and OGC?).

Thanks,
Leif

Are we still planning to pass something back today? I've passed my response up my chain but have not received any feedback, I can ping if need be but if we have more time that would be good to know as well.

Have we set a plan to incorporate all comments in one doc?

OK, awaiting a couple more fixes in the RA and Chris's tweaks to the main document and I will compile everything together.

I need to step away for a little bit as I live in DC and need to wrap up a couple things before the 7pm DC curfew.

Thanks and stay safe everyone.

I have one sentence to add and then I'm out of the separate RA document. I'm working in the main document to align the RA-related reg requirements with what is now in the revised section.

I see you all are in the RA document on OneDrive. How are your reviews and edits coming along? I would like to reach a good point to close the document so that I can download it and copy it in to the bigger proposal going back to OMB. I need to get it over to OMB this evening so that they can finish their review as quickly as possible.

Please let me know when you are comfortably out of the document so I can download it.

Thanks,
Leif

Subject: RE: NCEE's suggested responses to OMB&interagency comments to date

Here is what I sent back to OMB yesterday. I'm somewhat mad at myself as juggling multiple versions I forgot to insert an earlier comment I had (on some version) pushing back on the retrospective idea from OMB (beyond what Elizabeth already stated declining on the idea). But I am trying to coordinate a time with OMB for a follow-up conference call and will include you all when that gets scheduled.

Thanks,
Leif

My edits/comments etc. should be in the document now, let me know if you have any questions. Thanks, and again along with other placeholders please note we are still working to respond to DOJ comments.

Hi Leif,

NCEE is now out of the document, but I believe Dan is still in it. Once he is done, please feel free to download a copy and send on to OMB whenever you and Kelley are ready.

As we discussed, after you download, please remove all EPA comment bubbles in the RA section before transmitting. Also, in your transmittal you may also want to note that we may still have some cleanup to do in the reg text to make it consistent with any new edits made in the preamble.

Finally, please cc me when you transmit so that I can forward a copy to the OP IO folks as well.

Thanks so much! I need to log off now, but will have my phone nearby so feel free to call me if there is anything further to discuss today.

Best,
Elizabeth

Oh, that's right there are also the DOJ responses we are adding in. Thanks for doing that and I will be in touch when I get a sense where things might be moving.

I think right now we are waiting to see the revised R/A section, I need to go back through the clean document, and our front office may have some comments, I sent them the version Kelley was sent Friday. I've put in most of our edits at this point from the DOJ conversations etc.

Dan – I was going to schedule a catch-up this morning but Elizabeth is going to be a little out of pocket today.

How is everything going on pieces that OGC is reviewing? Things are still moving around a little on the risk section but I'll update you when I hear where that might go (OMB version, counter version from OP-OAQPS, etc).

Thanks,
Leif

OK sounds good. I will send you what I have so far this afternoon and we can discuss in the morning. Is that ok?

Thanks!
Elizabeth

In speaking with Kelley yesterday she was hoping to have some responses to the OMB passback by the end of the week. I know you are working through the comments and hopefully at least we can get back to them on the "easier" issues.

We can discuss a little more tomorrow morning when you, Dan, and I have our web-meeting to talk about DOJ.

Thanks,
Leif

I have gotten pulled away on some other items but wanted to check if you all had a chance to review the passback from OMB with their comments on the BCA proposal. It also looks like we have a number of calls with OMB + stakeholders later in the week.

OK, I feel like the first round of passback comments from OMB came from their economists. If Elizabeth has some thoughts we can start the process and loop you in as we devise the counter-passback. Thanks.
